## EDUCATION

**University of California, Berkeley**  
*Bachelor of Arts in Economics*

May 2028  
Berkeley, CA

**De Anza College**

*Associate of Arts in Economics*

*Cumulative GPA: 3.96; Dean's List; Phi Theta Kappa Society*

June 2026  
Cupertino, CA

Relevant coursework: Introduction to Business, Calculus (I-IV), Introductory Statistics, Financial Accounting, Principles of Macroeconomics, Principles of Microeconomics, and Introduction to Python

## WORK EXPERIENCE

**PT Arah Environmental Indonesia** (*subsidiary of PT TBS Energi Utama Tbk, IDX: TOBA*)

July 2026 – Present

Finance & Logistics Intern

Jakarta, Indonesia

- Built a three-statement-style cost-tracking model and Excel dashboard (pivot tables, PivotCharts) to consolidate Rp 748M (~US\$47K) in maintenance spend across 324 work orders and 9 branches, enabling data-driven capital allocation decisions for Finance and Operations leadership
- Conducted variance and ratio analysis across vehicle type, fleet age, and maintenance category, identifying a 44% unplanned-to-routine maintenance cost ratio that flagged fleet reliability and capital expenditure risk to senior management

## LEADERSHIP EXPERIENCE

**PERMIAS De Anza (Indonesian Student Society Club)**

Jan 2025 – Apr 2026

Treasurer

Cupertino, CA

- Engineered a 1,150% increase in club liquid assets (from \$40 to \$500) by spearheading two targeted fundraising campaigns and implementing a rigorous expenditure tracking system via Microsoft Excel to eliminate waste.
- Orchestrated financial logistics and budget allocation for 3+ large-scale community events, successfully managing procurement and vendor relations for gatherings of 30+ students while maintaining 100% fiscal transparency.

**PERMIAS SFBA (San Francisco Bay Area)**

July 2025 – Present

Event Organizer

Cupertino, CA

- Directed large-scale Indonesian community initiatives, including the SFBA Welcoming 2025 and 2025 Networking Events, managing end-to-end logistics and catering for over 100+ students and industry professionals.

## PROJECTS

**Cross-Border M&A Screener** | *Python, Pandas, Streamlit, Claude API* | GitHub

- Built and deployed a live cross-border M&A screening platform (Python, Pandas, Streamlit) sourcing and filtering 38 companies across 5 markets (US, Indonesia, Singapore, Malaysia, Thailand) on EV/EBITDA, revenue growth, profit margin, and debt/equity, with real-time FX normalization and Claude API-generated preliminary deal memos
- Executed a sell-side-style investment memo on PT AKR Corporindo (AKRA.JK), an Indonesian energy distribution and logistics company — covering company overview, financial analysis, investment merits, risk/mitigants, and deal process — underwriting 19% YoY revenue growth, 7.4x EV/EBITDA, and a net cash position (-0.08x net gearing) grounded in FY2025 filings

**Stripe, Inc. Strategic Valuation & IPO Readiness Analysis**

- Constructed an IB-style 6-tab Excel valuation model for Stripe Inc. — building a TPV-driven 10-year revenue forecast (\$7.6B→\$30.3B, CAGR ~15%), DCF with CAPM-derived WACC of 11.66% (4.44% RFR, 1.30β, 5.55% ERP), and comparable company analysis across 7 peers yielding a blended EV of \$173.7B
- Stress-tested assumptions via EV/revenue sensitivity matrix (12x–22x) and take-rate scenario analysis (±5bps = ~\$11B EV impact); synthesized findings into a 9-slide pitch deck and investment memorandum with bear/base/bull IPO scenarios (\$125.6B–\$206.8B) and equity bridge to \$77.68 implied share price.

## CERTIFICATIONS

- Financial Modeling & Valuation Analyst (FMVA) – Corporate Finance Institute (CFI) | In Progress
- Excel and Copilot Fundamentals – Microsoft via Coursera | Issued Nov 2025

## SKILLS & INTERESTS

**Technical Skills:** Financial Modeling (Three-Statement, DCF), Comps & Precedent Transaction Analysis, Valuation & Sensitivity Analysis, M&A Screening, Advanced Excel (VLOOKUP/XLOOKUP, Pivot Tables), LBO Fundamentals, Python, PowerPoint

**Language:** English (Fluent), Bahasa Indonesia (Native), and Mandarin (Conversational)

**Interests:** Poker, Leadership Memoirs, Artificial Intelligence, Basketball, and Soccer
